

Problems and Solutions of Joint Management of Withdrawn Lands

The Bureau of Land Management View

Dwight J. Hempel
Military Liaison, Bureau of Land Management

Bureau of Land Management

Manages

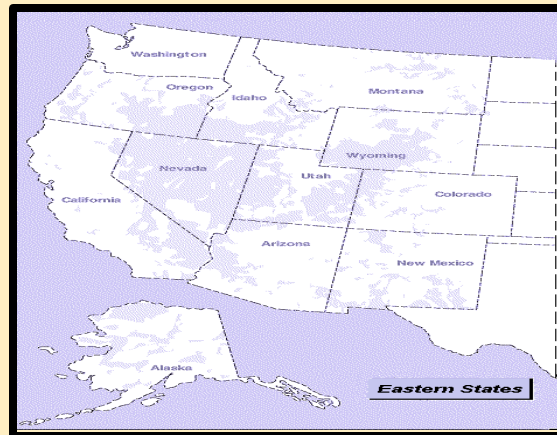

- 264-million acres public lands
- + 300-million acres mineral estate

Army Lands in U.S.

Total: 13-million acres

- 7-million acres withdrawn public land
- 6-million acres acquired real property

Minerals

BLM manages all Federal minerals
under all Army installations

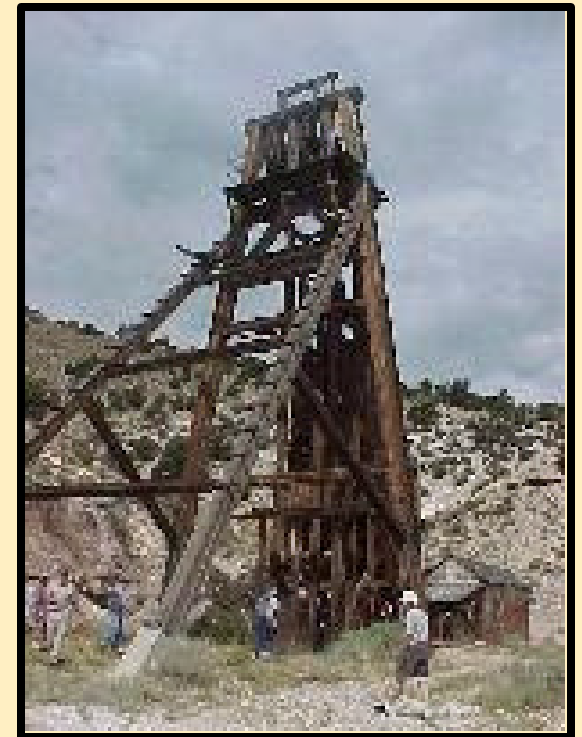

Realty Actions

- See withdrawal order
- If order silent, Army issues outgrants
- BLM lead agency for oil & gas transmission rights-of-way

Minerals Actions

- BLM managed
- Normally closed to mining law
- Normally open to oil, gas, & geothermal leasing and mineral material sales
- Leasing and sales may only occur with consent of the installation commander

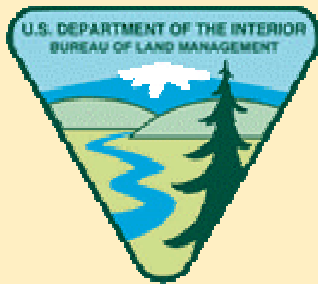

Cultural and Natural Resources

- Usually managed by Army, but see withdrawal order
- Exceptions:
 - Yukon Range, Ft. Wainwright, AK
 - East and West Ranges, Ft. Greely, AK
 - McGregor Range, Ft. Bliss, TX
